

March was rich in various events at Fimiam Church. We have great gratitude to God for blessing us this month.

On March 2, members of Fimiam youth home churches gathered in the hall at Fimiam to have communion all together. Glorifying our Lord Jesus Christ in prayers and songs, we deliberated on His grace and enjoyed Christian fellowship.

The meetings for young people with special needs took place on March 5 and 19. New, interesting Bible stories were presented and special “animal” guests were also present to lead the participants in singing. Children visited different activity groups according to their interests, including crafts, cooking, music and games. We are glad to bring joy to young people who do not often experience this feeling.

During March 3 young people were baptized at Fimiam Church. God's Church is growing!
Praise the Lord!

On March 5, Fimiam youth churches took part in a volleyball competition. Six teams participated and awards were given to the winners of the first three places. During such events we are glad to have our friends who are not yet believers among us. We hope to build closer relationships with them in such an informal atmosphere.

A team from the children's club "Smiley" visited orphans in a specialized school on March 11. There was a Bible lesson, a performance, crafts, games, relays and a photo review. The children of the "Smiley" club made presents for the residents of the school, expressing Christ's love toward them.

A men's retreat was held at the Retreat Center of Fimiam Church in Zaozerne village on March 11-13. Half of the 52 visitors were not members of our church. The topic they discussed and studied was, "A Biblical Look at a Woman." The participants learned how they should treat women according to the Scripture. They also took part in a quest and played soccer and board games. It was a great opportunity to influence unbelievers in a positive manner.

In March there were two special events at Fimiam: “Treasury of Wisdom” School Has Talent and “Little Star” Has Talent. The aim of these events was for our children to find their talents and to encourage them and their parents to glorify God with them.

During spring break, on March 28-29, the teams of the children's and teenagers' ministries united to lead Kid's Games for the children of the elementary branch at the local school № 20. About 30 children participated in the Kid's Games this spring. What was unusual for us was the location of the event - it was held at school № 20. The event included studying the Bible, singing Christian songs, enjoying crafts and games and giving presents.

The second session of the “Life Mission” School took place March 28 – April 2 at the Retreat Center of Fimiam. The program is used for the preparation of new leaders. The school has six sessions planned, which will cycle repeatedly. New students can join the school during any session and will graduate when they finish six sessions.

We are thankful to the Lord for using Fimiam Church and to everyone who supports our ministries prayerfully or financially. May God bless you all abundantly!
